

Volleyball Net Set-up

Instructions

1. Tie the header rope to one side of the snap hook from one support
2. Pull the header rope from opposite side through the snap hook which is attached to DUAL ball bungees.
3. Tighten the header rope until your volleyball net is tight crossing the pool area.
4. Tie off the header cord.
5. Burn ends of the cord to eliminate the ends from fraying.
6. Tape down the excess cord for a clean look.

Installing the supports into the New 6" Stainless Steel Deck Insert
